

October 2018

Senator Patrick Burns School Waste Update

Your school currently generates: 0.06 cubic yards of waste/student/month.

1 CUBIC YARD =

Waste Management picks up 1 x 3 cubic yard bins, 3 x per week from your school at a cost of \$180/month.

In 2017/18, your school requested 0 extra waste pick ups.

Based on your current waste generation, you are below the current CBE average, and will have 100 per cent of your recycling service covered.

The waste reduction goal for your school is 0.06 cubic yards/student/month. Congratulations! You have reached the waste reduction goal for your school.

For more information on how your school can further reduce waste, and become a zero waste school, please visit the [waste management](#) pages on staff insite.

If you have any questions about your School Waste Update, please contact Deborah Wehnes, Waste and Recycling Coordinator
